

# RIEMANN RESIDENTIAL PAINTING SERVICES

WE BEAUTIFY & PROTECT HOMES FOR LONG-LASTING APPEAL

Painting in any environment.™

Anyone can paint a house, but it takes something special to transform a home.

Riemann Painting specializes in full-service, customer-oriented residential painting. From your first phone call to your final touch-up, our friendly, knowledgeable, professional staff will listen to your needs and give you honest, excellent attention.

Since 1981 Riemann Painting has served the East Kootenay region. We have earned a long-standing reputation for our excellent craftsmanship, trustworthiness, cleanliness, and punctuality. Riemann stands out among painting contractors in this area because of several unique qualities:

**VERSATILITY** Because we also provide industrial services to larger companies, we have the equipment and experience necessary to tackle any kind of project. Also, we are not just painters: our employees are expert in finished-carpentry, refinishing interior and exterior woodwork, wallpaper, and staining and lacquering.

**LONG-TERM VALUE** We help you to maximize the lifespan of your painting investment by using high-quality materials, by being meticulous about proper surface preparation and paint application, and by suggesting a maintenance program that will protect your home and sustain or increase its value.

## SOME OF THE QUALITY CRAFTSMANSHIP IN WHICH WE SPECIALIZE INCLUDES:

- » Interior painting
- » Exterior painting
- » Wall coverings
- » Finished carpentry (casing, baseboards, mantels)
- » Staining & lacquering doors, trim and woodwork

**NO SUBCONTRACTORS** At Riemann Painting we use our own formally trained and certified employees at every stage of a project to ensure superior quality and complete customer satisfaction.

**NEIGHBOURLY STYLE** Whether we are providing a simple home-visit to help you choose the perfect color, or using power equipment to create a stunning transformation, we do it in as friendly and un-disruptive a manner as possible. Considerate attention is not just our goal—it is our standard.

**ACCURATE ESTIMATES** Most contractors simply calculate square footage. We go well beyond this, counting windows and doors to give you a detailed, accurate estimate. We are also noted for honesty, and have even been known to advise customers that no work is necessary!

- » Refurbishing interior woodwork
- » Painting or staining kitchen cabinets
- » Refinishing log-home exteriors
- » And much more... just ask!

**Call us to receive a free estimate for your project**, and find out why we have received awards as a top-quality contractor by the Cranbrook Chamber of Commerce and by Kootenay Business Magazine! Riemann Painting, serves Cranbrook, Kimberley, Creston, Fernie, Invermere, and Sparwood.
